MACK TECHNOLOGIES ANNOUNCES NEW GM ASSIGNMENTS

WESTFORD, MA, JANUARY 6, 2006 – MACK Technologies, Inc. is pleased to announce the appointment of John Whetten as General Manager for its facility in Ciudad Juarez, Mexico. John brings twenty years of experience in the high tech industry, most recently with Arrow Electronics.

Prior to Arrow Electronics, John held senior operations and general management positions within both contract manufacturers and OEM companies.

In addition, Mack Technologies, Inc., is pleased to announce the appointment of Tom Dineen as General Manager for its facility in Melbourne, FL. Tom has vast experience in Materials and Operations within the Contract Manufacturing industry. Most recently, Tom has held the position of Director of Supply Chain Management within Mack Technologies.

“I am pleased to have John and Tom as members of the Mack Technologies management team supporting our continued growth in 2006. During 2005, major additions in people, capital equipment and engineering tools were made in both the Juarez and Melbourne facilities. I am confident that John and Tom will provide the right combination of leadership and experience to those teams,” said John Kovach, President of Mack Technologies, Inc.

MACK Technologies, Inc., headquartered in Westford, Massachusetts, is a wholly-owned subsidiary of The MACK Group, headquartered in Arlington, Vermont. Mack Technologies provides value-added integrated manufacturing solutions for the original equipment manufacturers in the networking and telecommunications, computer, military/aerospace, industrial and medical markets. The company has worldwide operations in Westford, MA; Melbourne, FL; Ciudad Juarez, Mexico; and Larbert, Scotland; employing over 700 people.
